Item 4 – Advisory Services

A. Firm Information

Nye Wealth Management LLC (“NWM” or the “Advisor”) is a registered investment advisor located in the State of Ohio, which is organized as a Limited Liability Company (LLC) under the laws of Ohio. NWM was founded in January 2014, and is owned and operated by Eric A. Nye, CFP[®], ChFC[®], CLU[®] (President and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by NWM.

B. Advisory Services Offered

NWM offers investment advisory services to individuals and high net worth individuals in the State of Ohio and other states (each referred to as a “Client”).

Investment Management Services

NWM provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management services. NWM works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. NWM will then construct a portfolio consisting of diversified mutual funds, exchange-traded funds (“ETFs”), variable annuities, and/or individual stocks and bonds to achieve the Client’s investment goals.

NWM’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. NWM will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

NWM evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. NWM may recommend, on occasion, redistributing investment allocations to diversify the portfolio. NWM may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. NWM may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

NWM will provide investment advisory and related services. At no time will NWM accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please See Item 12.

Managed Account Programs

NWM may recommend to Clients that all or a portion of their portfolio be implemented by utilizing one or more unaffiliated money managers participating in a managed accounts program at the Client’s selected custodian (the “Program Sponsor”). The Client will then enter into a program and investment advisory agreement with the Program Sponsor and the participating money manager[s]. The Advisor will assist and advise the Client in establishing investment objectives for the account, the selection of the money manager[s], and defining any restrictions on the account. NWM will continue to provide oversight of the Client account and ongoing monitoring of the activities of the unaffiliated money managers.

These money managers will develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for such services, the Program Sponsor will charge a program fee that includes the investment advisory fee of the money managers, the administration of the program and trading, clearance and settlement costs. The Program Sponsor will add NWM’s investment advisory fee (described below in Item 5) and will deduct the overall fee from the Client account, generally at the start of each calendar quarter. The asset-based program fee is tiered and varies depending on the size of the account,

the asset class of the underlying securities and the sub-advisor selected. The overall fee (including the Advisor's investment advisory fee) will not exceed 3% annually.

NWM does not receive any compensation from these unaffiliated money managers or the Program Sponsor, other than NWM's investment advisory fee (described in Item 5).

The Client, prior to entering into an agreement with a Program Sponsor, will be provided with the Program Sponsor's Form ADV Part 2 (or a brochure that makes the appropriate disclosures). In addition, NWM and its Client will agree in writing that that selected Program Sponsor will manage the Client's account on a discretionary basis.

Financial Planning Services

NWM will typically provide a variety of financial planning services to individuals and families, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services may involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. Services may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. NWM may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to execute the transaction through the Advisor.

C. Client Account Management

Prior to engaging NWM to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – NWM, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – NWM will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – NWM will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – NWM will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

NWM does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by NWM.

E. Assets Under Management

As of August 31, 2017, NWM manages the following assets:

Assets Under Management	Assets
Discretionary Assets	\$24,844,113
Non-Discretionary Assets	\$1,278,216
Total Assets Under Management	\$26,122,329

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more agreements with the Advisor

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the Client's assets under management and are offered as either a fixed rate, ranging from 0.50% to 1.50% or at a rate pursuant to the following schedule:

Assets Under Management	Annual Rate
Up to \$99,999	1.50%
\$100,000 to \$249,999	1.25%
\$250,000 to \$499,999	1.00%
\$500,000 to \$999,999	0.90%
\$1,000,000 to \$2,499,999	0.80%
\$2,500,000 to \$4,999,999	0.60%
\$5,000,000 and Up	0.50%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by NWM will be independently valued by the Custodian. NWM will not have the authority or responsibility to value portfolio securities.

Managed Accounts Programs

Fees for Clients participating in managed accounts programs will include NWM's investment advisory fee above plus the Program Sponsors fee.

Financial Planning Services

NWM offers financial planning services on a fixed fee basis ranging from \$500 to \$3,500, which may be negotiable at the sole discretion of the Advisor depending on the nature and complexity of each Client's circumstances. In certain instances, the Advisor may also offer financial planning services on an hourly basis ranging from \$75 to \$250 per hour. An estimate for total costs will be determined prior to establishing the advisory relationship. If the Client elects to engage the Advisor to implement the plan, the Advisor, in its sole discretion, may waive the financial planning fee.

B. Fee Billing

Investment Management

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the quarter. The amount due is calculated by applying the annual rate, divided by 365 (number of days in the year or 366 days in a leap year), multiplied by the number of days in the billing period. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting NWM to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Managed Accounts Programs

Clients participating in a managed accounts program or referred to unaffiliated money managers or investment advisors will be billed in accordance to the investment advisory agreement with the respective Program Sponsor or advisor. Program Sponsors will add NWM's investment advisory fee and deduct the overall fee from the Client's account[s]. In situations where a Client is referred to an unaffiliated investment advisor, the investment advisor will collect its fee and compensate NWM out of its fee. Details are described in Item 14 below.

Financial Planning Services

Financial planning fees are billed as a fixed fee or an hourly fee. Financial planning fees are due from the Client upon receipt of the agreed upon deliverable.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than NWM, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by NWM is separate and distinct from these custody and execution fees.

In addition, all fees paid to NWM for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of NWM, but would not receive the services provided by NWM which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by NWM to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

NWM is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate their investment advisory agreement with NWM, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Managed Accounts Programs

In the event that a Client should wish to terminate their relationship with a managed accounts program or unaffiliated investment advisor, the terms for termination will be set forth in the respective agreements between the Client and those third parties. NWM will assist the Client with the termination and transition as appropriate.

Financial Planning Services

Either party may terminate a financial planning agreement, at any time, by providing written notice to the other party. In addition, the Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Termination is effecting on the day such written notice is received by the other party. Upon termination, the Advisor will refund any unearned, pre-paid fees on a pro rata basis based on the agreed upon fee and hours to date by the Advisor. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

NWM does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

NWM does not charge performance-based fees for its investment advisory services. The fees charged by NWM are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

NWM does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

NWM offers investment advisory services to individuals and high net worth individuals. The relative percentage of each type of Client is available on NWM's Form ADV Part 1. These percentages will change over time. NWM generally requires a minimum relationship size of \$100,000 to effectively implement its investment process but may be waived by NWM at its discretion.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

NWM primarily employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from NWM is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

As noted above, NWM generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. NWM will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, NWM may also

buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. NWM will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving NWM or any of its Supervised Persons. NWM and its Supervised Persons value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 170415. You may also research the background of Eric A. Nye by searching with his full name or his Individual CRD# 2106058.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Mr. Nye also serves is also a licensed insurance professional for Nye Financial Group, Inc. and EAN Agency, LLC. Implementations of insurance recommendations are done separate and apart from his role with NWM. As an insurance professional, Mr. Nye may receive customary commissions and other related revenues from the various insurance agencies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance agencies. Clients are under no obligation to implement any recommendations made by Mr. Nye or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

NWM has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code of Ethics applies to all Supervised Persons associated with NWM (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. NWM and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of NWM Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (330) 656-0007.

B. Personal Trading with Material Interest

NWM allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. NWM does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. NWM does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

NWM allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code that addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of NWM may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by NWM requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While NWM allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will NWM, or any Supervised Person of NWM, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

NWM does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize NWM to direct trades to this Custodian as agreed in the investment advisory agreement. Further, NWM does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where NWM does not exercise discretion over the selection of the Custodian, NWM will generally recommend that Clients establish their account[s] at TradePMR Inc. ("TradePMR"), a FINRA-registered broker-dealer and member SIPC. TradePMR will serve as the Client's "qualified custodian". NWM maintains an institutional relationship with TradePMR, whereby the Advisor receives economic benefits from Trade PMR (Please see Item 14 below.).

NWM may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, reputation and/or location of the Custodian's offices. NWM does not receive research services, other products, or compensation as a result of recommending a Custodian that may result in the Client paying higher commissions than those obtainable through other brokers.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **NWM does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from the Custodian. Please see Item 14.**

2. Brokerage Referrals - NWM does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where NWM will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). NWM will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. NWM will execute its transactions through the Custodian as directed by the Client. NWM may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Nye, President and Chief Compliance Officer of NWM. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify NWM if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by NWM

Participation in Institutional Advisor Platform

NWM has established an institutional relationship with TradePMR, Inc. (“TradePMR”) to assist the Advisor in managing Client account[s]. Access to the TradePMR Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at TradePMR. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor’s recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from TradePMR: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

NWM does not engage paid solicitors for Client referrals.

Item 15 – Custody

NWM does not accept or maintain custody of any Client accounts, except for the authorized deduction of the advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct NWM to utilize the Custodian for the Client's security transactions. NWM encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

NWM generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by NWM. CERTIFIED FINANCIAL PLANNER[™] (“CFP[®]”)

The CERTIFIED FINANCIAL PLANNER[™], CFP[®] and federally registered CFP[®] (with flame design) marks (collectively, the “CFP[®] marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP[®] Board”).

The CFP[®] certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP[®] certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP[®] certification in the United States.

To attain the right to use the CFP[®] marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP[®] Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP[®] Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP[®] Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP[®] Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP[®] professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP[®] marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP[®] professionals provide financial planning services at a fiduciary standard of care. This means CFP[®] professionals must provide financial planning services in the best interests of their clients.

CFP[®] professionals who fail to comply with the above standards and requirements may be subject to CFP[®] Board's enforcement process, which could result in suspension or permanent revocation of their CFP[®] certification.
